Hospitality

A Faster Way to Build
Engineered & Manufactured by Sprung Instant Structures

Mount Palomar Winery
Temecula Wine Country, California
40' wide x 60' long

Located on 315 beautiful acres in the heart of Temecula wine country in California, Mount Palomar Winery has been proudly growing and producing award-winning wines since 1969. This 40' wide by 60' long fully insulated structure with Class A Roof will be used for wine tasting, banquet and exhibition space. Sprung Structures engineered tension membrane technology is designed for year round applications and provides significant advantages over other building systems, including upgraded aesthetics, energy efficient insulation and glazing walls.

Red Dog Ice House
Carrizo Springs, Texas
60' wide x 60' long

Eagle Ford shale area in Texas is a rapidly growing remote oil and gas development. With existing facilities in short supply, Sprung structures was called upon to supply an immediate building solution for a full service restaurant and bar located in Carrizo Springs Texas.

Sprung mobilized and supplied a 60' x 60' structure within 3 weeks that includes natural daylight panels in the peak and large translucent garage doors in the flat ends. The clear span interior space provided by Sprung was ideal to incorporate a modular kitchen trailer as well as sports bar amenities typically found in convention construction.

Worcester Beer Garden on the Grid
60' wide x 60' long

The 3,000 square-foot pavilion seats up to 150 people and has the capacity to host private events. With 76 different beers on tap, as well as a full catering menu, the pavilion is the final phrase of construction for this venue. This four-season Brew Beer Garden pavilion opened in Worcester, Massachusetts on Super Bowl Sunday.
