LTA

Low Temperature Arctic Membrane

Designed for extreme cold weather installations (below -5°C , or 23°F)

- Blackout design prevents solar gain and manages climate control
- Weighs approximately 24 oz. per square yard
- Specialized low-temperature cold crack characteristics to -67°F (-55°C)
- High strength, rip-stop
- Exceptional fire-retardant capability
- Available in white or tan
- 15-year pro-rata guarantee

*The selected Pantone color numbers are a visual interpretation of the membrane colors.

The above color chips are not true and accurate representations of the actual membrane color. Please request a membrane sample prior to ordering.

Durability, color choices and ease of cleaning are among the many hallmarks of the architectural membrane of your Sprung structure.
