THINK OUTSIDE THE BOX

A HIGH-PERFORMANCE, AFFORDABLE COMMUNITY ARENA IS POSSIBLE

At Sprung Structures, we understand the value of having a dedicated place where people can gather, connect and enjoy playing sports together. We also understand that building such a place is no easy undertaking, especially for small communities. That's why we've created three unique and accessible arena solutions.

For more than 135 years, Sprung has provided innovative, high-performing structures for industries, communities and institutions around the world. Not only are our structures timeless and budget-friendly, they are also delivered and built 30 to 60 percent faster than conventional buildings.

1

COMMUNITY ARENA SOLUTION #1

SINGLE ARENA

This package provides your community with an athletic and event space that can be used year-round: ice in during hockey season or ice out for sporting and community events.

BUILD TIME: APPROXIMATELY NINE MONTHS

SOLUTION #1 CAN INCLUDE

- One arena surface
- Six dressing rooms
- Mezzanine viewing area
- Bleacher seating for 250-480 people with the optional mezzanine level
- First-aid room
- Party room
- Concession area
- Skate shop
- Admin offices
- NHL-quality ice surface
- Energy efficient
- Ice system refrigeration
- Player, penalty and score-keeping boxes
- Netting on rink-ends
- Mechanical ice system

2

COMMUNITY ARENA SOLUTION #2

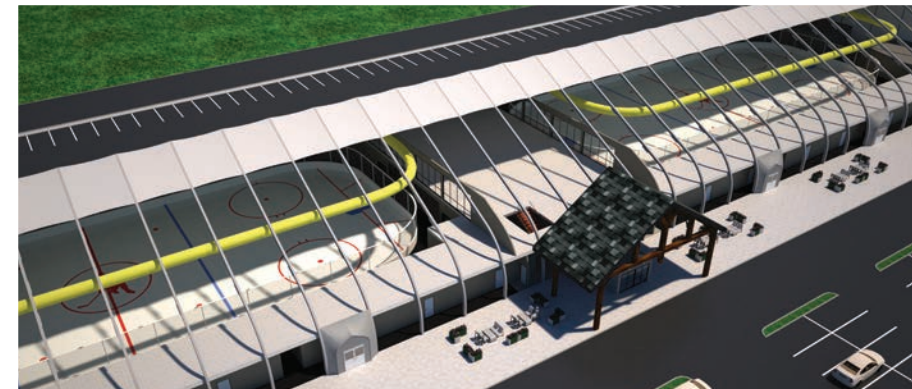

TWIN ARENA

Our Twin Community Arena package offers a fully equipped twin arena solution plus an additional mezzanine viewing area and cafeteria space that can be used year-round for sporting and community events.

BUILD TIME: APPROXIMATELY TWELVE MONTHS

SOLUTION #2 CAN INCLUDE

- Two arena surfaces
- Twelve dressing rooms (six per arena)
- Four public washrooms
- Mezzanine viewing area
- Bleacher seating for 600-900 people with optional mezzanine viewing area
- First-aid room
- Party room
- Concession area
- Skate shop
- Admin offices
- NHL-quality ice surface
- Energy efficient
- Ice system refrigeration
- Player, penalty and score-keeping boxes
- Netting on rink-ends
- Mechanical ice system
- NHL-style galvanized steel dasher board system
- Player access gates

3

COMMUNITY ARENA SOLUTION #3

PRACTICE ARENA

The Community Practice Arena is similar to the Single Arena, just without bleacher seating. This package is the perfect solution for community athletic teams who want to practice locally, and it provides an ideal space for sporting and community events year-round.

BUILD TIME: APPROXIMATELY NINE MONTHS

SOLUTION #3 CAN INCLUDE

- Four dressing rooms
- Mezzanine viewing area
- First-aid room
- Party room
- Concession area
- Skate shop
- Admin offices
- NHL-quality ice surface
- Energy efficient
- Ice system refrigeration
- Player, penalty and score-keeping boxes
- Netting on rink-ends
- Mechanical ice system

THE SPRUNG ADVANTAGE

WHY BUILD A COMMUNITY ARENA WITH SPRUNG?

Exceptional Build Speed

Build in a fraction of the time required for a conventional building.

Lower Costs

Build at a significantly lower cost than a conventional building.

Interior Advantage

Featuring a bright white interior, tall peak height and superior acoustics, a Sprung arena is engineered and designed for an optimized playing environment.

Flexible Design

Complete customization from the ground up.

SPRUNG STRUCTURES

ABOUT SPRUNG

Since 1887, we've been engineering the world's most innovative, versatile and reliable building solutions.

Sprung Structures provides rapid-response buildings to a wide range of leading businesses and organizations including global armed forces, the natural resources industry, the manufacturing, commercial gaming and education sectors, disaster recovery, healthcare and aviation, as well as to the sports and recreation industry. Our patented tensioned membrane technology outperforms other building alternatives with a faster, better build.
